Mandaluyong City, Metro Manila | BURLASA.RAINIER@UE.EDU.PH | +63 920 711 1859

PERSONAL SUMMARY

Full-stack web developer experienced in building web applications using React, Next.js, and FastAPI. Skilled in authentication systems, CRUD admin dashboards, and AI-integrated features using Supabase and OpenAI API.

Skills

Frontend: React.js, Next.js, HTML, CSS, JavaScript, Tailwind

Backend: FastAPI, Python, Supabase

Tools: Git, GitHub, Vercel

Other: API Integration, UI Development, Debugging

Work Experience

Frontend Developer Intern (Team Lead)

Big Pond enterprises, Quezon City, Metro Manila | Duration: 200 hours

- Led frontend development in Next.js full-stack project
- Worked with designers and backend dev for UI and API integration
- Handled debugging, UI improvements, and deployment review process
- Ensured code quality and cross-browser compatibility prior to production releases

Education

Bachelor of Science in Computer Science

University of the East

Expected Graduation: December 2026

Projects

PrimosLens | *Next.js, CSS Modules, PostgreSQL, Github, Vercel, OpenAI API*

GitHub: <https://github.com/nyerrr/prismolens>

- Built a full-stack web application using Next.js for a local photography service
- Improved client inquiry handling efficiency by implementing an email-based submission system and admin review workflow (approve/delete)
- Integrated OpenAI GPT API to power a virtual assistant for handling user inquiries

PresyOn (Personal Project) | *React 18, Vite, Tailwind CSS, Supabase, OpenAI API, Node.js, PWA*

Vercel: <https://presyo-ph-sigma.vercel.app/>

- Built a PWA for tracking real-time prices of basic goods and fuel in the Philippines using automated scrapers from PSA, DOE, and DA CALABARZON
- Integrated GPT-4o-mini for AI price explanations and a Taglish chatbot with per-user daily rate limiting
- Developed a personalized inflation calculator with user authentication, saved baskets, and regional price comparison (NCR vs CALABARZON)

Certifications

AWS Educate - Getting Started with Compute (Amazon Web Services, 2026)

IT Specialist - Python (Certiport, expires 2030)
