PERSONAL SUMMARY

Aspiring full-stack web developer experienced in building web applications using React, Next.js, and FastAPI. Skilled in authentication systems, CRUD admin dashboards, and AI-integrated features using Supabase and OpenAI API.

EDUCATION

UNIVERSITY OF THE EAST – MANILA

Bachelor of Science in Computer Science

2022 - Present

WORK EXPERIENCE

Frontend Developer Intern (Team Lead) | June 2025 - July 2025 | 200 hours
Big Pond enterprises, Quezon City, Metro Manila

- Led frontend development in Next.js full-stack project
- Worked with designers and backend dev for UI and API integration
- Handled debugging, UI improvements, and deployment review process
- Ensured code quality and cross-browser compatibility prior to production releases

PROJECTS

TindahanLink | React, TypeScript, Tailwind CSS, Supabase, PostgreSQL, Framer Motion, WeatherMap API

Vercel: <https://tindahan-link.vercel.app/>

- Built a full-stack PWA for sari-sari store owners with a tap-to-sell POS, real-time stock updates, and low-stock alerts.
- Designed a credit (utang) tracking system with full payment history and optimistic UI updates for a fast experience on low-end mobile devices.
- Built a restock recommendation feature combining OpenWeatherMap API data and payday cycle timing to help predict demand and reduce stockouts.

GAIDA (Thesis - on going) | React 18, Vite, Tailwind CSS, FastAPI, Python, Supabase (PostgreSQL), OpenAI API, Whisper, OpenSMILE, scikit-learn, PWA, Render

Vercel: gaida-system.vercel.app

- Built a multimodal anxiety detection and virtual counseling PWA for university students at University of the East, combining real-time text and voice analysis
- Integrated a fine-tuned GPT-3.5-turbo model with a Taglish/English counseling persona (GAIDA) trained on mental health conversation data
- Developed an ML ensemble classifier (Logistic Regression, Random Forest, Neural Network) for real-time anxiety level detection with 5-tier severity scoring
- Built a live counselor dashboard with real-time alerts, session monitoring, chat takeover, and anxiety progression graphs

CERTIFICATIONS AND BADGES

AWS Educate - Getting Started with Compute (Amazon Web Services, 2026)

IT Specialist - Python (Certiport, expires 2030)
